

Dear Parents/Guardians/Students –

Breakfast is important to us! We are making some changes to improve our programs! Breakfast helps students to be the best they can be! We realize sometimes it's a challenge to enjoy a healthy breakfast in our fast and busy world. With the help of two grant awards, Riverview is excited to offer some new breakfast initiatives in the upcoming school year! We hope you enjoy them! - The Food Service Team!

Breakfast In the Classroom – Exciting new initiative coming to Verner Elementary. Breakfast will be delivered to the classroom this year. Every student is permitted to participate. If your child receives free/reduced lunches – they also will receive free/reduced breakfast. We hope that you will encourage your child to participate. Help us to stop the hungry stomach!

Second Chance Breakfast – This new initiative is geared to help students who can't arrive early to eat breakfast at regular times. Students at Tenth Street Elementary and the Jr/Sr High School will see this new style of breakfast. The cafeteria will stay open longer after normal breakfast times to permit for students to still grab a quick breakfast during arrival or a potential morning study hall. Details are still being finalized.

Grab & Go – This new style of serving breakfast is great for secondary students. Food Carts will be located at their point of entrance, and students can grab breakfast and head to their lockers or initial periods. Great quick and healthy alternatives will be available.

School Breakfast Changes

2018-2019

- Grab & Go
- Second Chance
- Breakfast in the Classroom

The Most Important Meal of the Day!

BREAKFAST

✓ **Better Attendance**

✓ **Academic Improvements**

✓ **Improved Health**

✓ **No Hunger!!!**
