

Cogent Fingerprint Services

At the close of business on **November 18, 2017**, Cogent will no longer be providing fingerprint services for “new applicants”. A new applicant is defined as an individual that pre-registers on the Cogent website and completes the initial fingerprint process prior to the close of business on **November 18, 2017**.

Those unable to meet this deadline will be required to restart the process with the new State supplier, **Idemia (Morpho Trust)**. Applicants that have been notified their prints were rejected for quality purposes will have until **November 27, 2017** to complete the reprint process with Cogent. Any “reprint applicants” who have not completed the reprint process with Cogent within this additional time period will be eligible to continue the reprint process with the new supplier.

Please be advised that the District has not been informed of the fingerprint locations for Idemia. We will update regarding the locations as soon as it is released.

Thank you.
