Recognizing the importance of providing our students with life long learning skills, the Riverview School District's vision is to prepare each student for a successful collegiate education and/or employment within the global workforce. We pledge to do this through a commitment to competitive academic programming, personalized attention, and by providing our students with a variety of learning opportunities that assist each of them with discovering their talents and potential. By committing ourselves to this vision, we strive to be one of the most academically competitive school districts in the region.

A non-traditional public school district offering small student to teacher ratios, individualized learning, and a 21st century education through:

- Personal Attention
- Small Class Sizes
- Caring Educators
- A Wide Variety of Award Winning Extracurricular Activities
- Interdisciplinary Learning Opportunities K-12

Academics. Arts. Athletics. Opportunities.

**SERIOUS
SUCCESS**

Special education helps children with special needs reach maximum potential. Students may be identified as needing special education when a multidisciplinary evaluation determines that a student has a disability or meets the criteria for gifted ability and also needs specially designed instruction.

Riverview School District

Situated on the Allegheny River and serving Oakmont and Verona, PA

Riverview School District

Embracing Each Student's Potential

Eligibility:

Students identified as eligible for special education in the Riverview School District are entitled to a Free Appropriate Public Education (FAPE) available at no cost to the parents. Services designed to meet the needs of eligible students include the development of an Individualized Education Program (IEP) annually, re-evaluations every 2 years for students with an intellectual disability or 3 years for a student with other disabilities. Special Education Services may be provided in or outside of the regular education classroom in the student's neighborhood school. Some students will require special education services outside of a regular school. The decision about the type of services a student needs and location of these services is made by the IEP team, based on the comprehensive information regarding the student's needs, strengths, and chronological age. Some students may need related services to benefit from the educational program.

K-12th Grade Students

- Scientifically based research programs and curriculums
- SWBIS School Wide Positive Behavior Intervention and Support Program
- Behavior Intervention Plans
- Modifications and Accommodations
- IEP's and 504 Plans based on student's needs
