<b>New Project Summary:</b>		
<p>This project requires the district to utilize our geographical location to provide additional opportunities to the students. Ideas in the committee included utilizing the river for curricular opportunities and engaging with additional local businesses that are unique to our location. Additional ideas included community service opportunities requiring students to help more directly to families in town, and acquiring more connections to community resources.</p>		
<b>Strategic Plan Goal:</b>		
Expanded Opportunities - Curriculum		
<b>Description of Action Steps to Execute Project:</b>		
<ol style="list-style-type: none"> <li>1. Form an outreach community utilizing our district PR coordinator</li> <li>2. Expand junior high give back day to reach local residents in the spring and expand the opportunity to families.</li> <li>3. Possibly work with the curriculum coordinators in the district; during our curriculum revision work in the 2018-2019 school year, and discuss and plan for opportunities that utilize our particular geographic location.</li> </ol>		
<b>Building Alterations:</b>		
None		
<b>Estimated Time Frame: 2018-2019, 2019-2020 School years</b>		
<b>Description of Project Budget Estimate:</b>		
Should be cost free, depending on the time and resources that the curriculum administrators and PR liaison have to account for these discussions.		
<b>Description of Possible Funding Sources:</b>		
This would just need designated time and resources provided to the PR liaison and the curriculum coordinators in the district.		
<b>Measure of Success(Outcomes):</b>		
A list of current and newfound opportunities can be provided at the end of the 2020 school year.		
<b>Plan for Sustainability of Project: TBD</b>		
This is a longer term goal, and will be a focus area in our current curriculum documentation and revision during the last three years of the strategic plan.
