District Wide Mission Statement

- We are on the road to achievement at Riverview School District by being respectful, responsible and ready to work hard.

This year in 2nd grade, we will be using a colored “clip chart” to monitor behavior and choices. Your child will have a clip that they will physically move up or down the chart, depending on their choices. Please keep in mind that they may not move every single day. For them to move up, they must go above and beyond in their behavior choices! The list below explains how the clip chart works. We believe this will be a positive way for your child to monitor their choices and will give them behavior goals to strive for!

Thank you,
Second Grade Teachers
