

Dear Riverview Parents,

Good morning. First of all, for all our mothers in the District, thank you for all you do to nurture and support the students in our communities. Research suggest that a mother's influence is an important factor in a child's success. Happy Mother's Day! We salute you!

Below are a few important items for your consideration this week:

1. **School Phone System** - We want to start by alerting everyone that Consolidated Communication, the company that we use for our phones, is currently experiencing technical difficulties. The phones work perfectly internally, but the problem is affecting the ability to call in from the outside. They are working hard to fix the problem, but ***in the meantime, if you need to contact the school, please communicate via email.*** We appreciate your patience and cooperation in this regard.
2. **Teacher Appreciation Week** - As you know, this is teacher appreciation week. Therefore, it is important to say a few positive words about our faculty. I have worked in many school districts and I can say confidently that our Riverview educators are the best I've ever seen. They are dynamic, caring, intelligent, and always looking to improve. They have helped to shepherd us through a very difficult two years and did what was needed without hesitation or complaints. If you have a positive message for how you feel they have served you and your children, please take time to reach out and tell them. This goes a long way for an educator!
3. **Upcoming Events** - We are in the home stretch, and May is always a fun and busy month. For instance, we will be at the prom tonight, and there are so many fun events coming up that we hope you will enjoy. The list below includes, *but is not limited to*, a few important upcoming dates. Your building administrators will follow up with more information as needed. Have a great week
