IV. K-12 Writing Framework Update

Dr. Coudriet shared the most recent work and professional development involving the K-12 writing committee. Each principal shared specific progress with regard to the K-12 writing initiative and professional development and classroom support in writing instruction provided by Dr. Biancaniello.

V. K-12 Science Curriculum Review

Dr. Coudriet shared progress to date with curriculum review work in K-12 Science. Teachers met on February 17 to discuss K-12 Scope, Sequence, and Resources in relation to the standards and student achievement data in Science. This work will continue on the April 7<sup>th</sup> Professional Development Day. Peer observations (elementary/secondary) and out of district observations in Science are being arranged to support our analysis and reflection as part of the curriculum review work.
