There will be no new assignments for this course. Please double check your Lesson 6, 7, and 9 assignments in code.org (I have left comments for several of you there) to be sure they are completed following all requirements from the grading sheets found in your TEAMS class under Files, Class Materials. Notes are available there as well should you need to reference them. Please contact me for any needed assistance.

IMPORTANT: When finished with tasks, be sure to click finish/submit to notify me that code is ready to be graded.

Attend the Teams meeting for the Yearbook club scheduled for Tuesday, 5/26 at 11 a.m. We will be discussing the remaining COVID section and focus on those newly-created spreads.
