## **AP Computer Science II**

This week:

- Please complete the Unit 7 Free Response Questions in the AP Classroom no later than Friday, 5/8 at 10 pm.
- Attend the Teams meeting this Thursday, May 7, at 11:00 a.m.

## **Computer Science I**

The deadline for the Unit 7 exercises has been extended until this Friday 5/8. Next week we will start working on the Unit 7 creative task; so you may want to start thinking about your proposal. If you are having issues/challenges, PLEASE communicate that to me. I am here to help! You can easily send a copy of your code to me to evaluate or just ask a question. I am also available for video meetings in Teams.

- Unit 7 Exercises will be due Friday 5/8; please be sure you have the points required by the Ch 7 grading sheet in Teams, NOT what is showing on the CMU web site requirements.

## **STEAM Animation**

This week you are to continue working through the steps of Lesson 9 Sprite Movement (yes, we skipped Lesson 8) in code.org. The grading rubric and notes can be found in your TEAMS class under Files, Class Materials. This lesson should be completed by Next Friday, May 15.

**IMPORTANT:** Access and READ the notes I am providing. If possible, print them so you can reference them as you are working through the steps of the lesson.

**\*\*When finished with tasks, be sure to click finish/submit to notify me that code is ready to be graded.**

## **Publishing**

Please submit time sheet information for last week.

Attend the Teams meeting on Monday, 5/4 at 11 a.m. Please be prepared with an update on what you have been working on based upon our discussion at the last meeting.

Tentative plan for remaining pages: Musical (we have photos of rehearsals), At Home (help us gather photos for this), Seniors & Siblings, Senior Houses (decorated), Graduation, and Prom. We are also planning on replacing the Forbes page with a School Spirit page. **If you can help with any of these pages, please offer. WE NEED YOU!**
