2 SOCIAL STUDIES

In your notebook:

Draw a picture of an adult at work doing his or her job. It could be your mom or dad's job, another family member's job, or any job!

Discuss:

Talk about different jobs people do and why each job is important.

3 COMPREHENSION SKILL

CAUSE AND EFFECT

In stories, often one thing causes another thing to happen. This is called cause and effect. A cause is why something happens. An effect is what happens. Good readers look for causes and effects to help them understand what is happening in the story.

EXTRA RESOURCES

We wanted to share some extra (and free) resources you could explore if you have some free time on spring break! These are totally optional and just for fun! Keep in mind: These websites were not introduced at school, so you might have to help your kiddo navigate the websites that are new to them!

STAR FALL	Great website to independently practice both math and reading skills.	https://www.starfall.com/h/index-kindergarten.php
TIME FOR KIDS	TFK is loaded with interesting articles, photos, and videos. Adult assistance might be needed with this website. It's more of a "do together" thing.	https://www.timeforkids.com/k1/
NATIONAL GEOGRAPHIC FOR KIDS	Watch animal cameras, learn interesting tidbits about animals, see and share photos of nature, learn about different countries and try science experiments!	https://kids.nationalgeographic.com
FUN BRAIN	Math, reading, online books and learning games are just some of the site's many treats.	https://www.funbrain.com/pre-k-and-k-playground
NICK JR.	If you can look past the ads, you'll find printables, games and other activities. The games allow your child to explore their creativity, play dress-up, learn new music, put together puzzles and work on numbers and shape recognition.	http://www.nickjr.com
SAN DIEGO ZOO	This zoo lets you watch live cams of their animals! There are 11 animals you can choose from!	https://kids.sandiegozoo.org/videos
