FOR IMMEDIATE RELEASE

Riverview Wins Science Bowl!

On February 13, the team of Ben Hower, Jack Betler, Ziad Jaafar, Jack Loughren, and Patrick Harvey represented Riverview at the annual Science Bowl which was held at the Carnegie Museum of Natural Science. Amazingly, the team had the highest score of all attending schools, and won the science bowl for the first time in many years. This was truly an exceptional group of students, and they did an incredible job. Now that is **SERIOUS SUCCESS!**
