FINANCE AND SUSTAINABILITY COMMITTEE

Project Title:	Community Service Support for HS Students
Strategic Plan Sub Committee:	Expanded Opportunities
Project Contact:	Neil English
Email:	nenglish@rsd.k12.pa.us
Phone No:	412-828-1800 ext. 1021
Date Submitted:	June 18, 2018

Start Date	Completion Date	Funding Total
July 1, 2018	July 1, 2019	TBD

New Project Summary:
This is a mini project designed to allow for students to take more ownership in their community service requirements. This project is geared toward the high school students. This project requires the high school counseling staff and administration to revamp the community service projects to place more ownership onto the students. The goal is for students to develop a greater sense of purpose when completing their community service hours. This will require more reflection and community service design by the high school students themselves, making the project more rigorous and meaningful for students.

Strategic Plan Goal:
Expanded Opportunities - Curriculum

- Description of Action Steps to Execute Project:**
1. Meet with the high school counseling staff.
 2. Analyze and Edit/Revise current community service project.
 3. Notify the parents of the procedural changes for the graduation requirement.

Building Alterations:
None

Estimated Time Frame: 2018-2019 School Year

Description of Project Budget Estimate:
1 day of summer planning for two counselors, depending on the time and resources that the high school administration and counselors have to complete this project. This project can be a part of the current PA career ready index programming and planning for the high school counseling program.

Description of Possible Funding Sources:
This would just need designated time and resources provided to the high school counselors and administration. 1 day of summer planning.

Measure of Success(Outcomes):
The new requirements can be completed and given to the current senior administration at Riverview School District.

Plan for Sustainability of Project: TBD
This should be a short-term goal and can be accomplished early in the three-year strategic plan timeframe.
