

Draw a picture of you as a baby.

Draw a picture of you now.

Have you changed?

yes

no

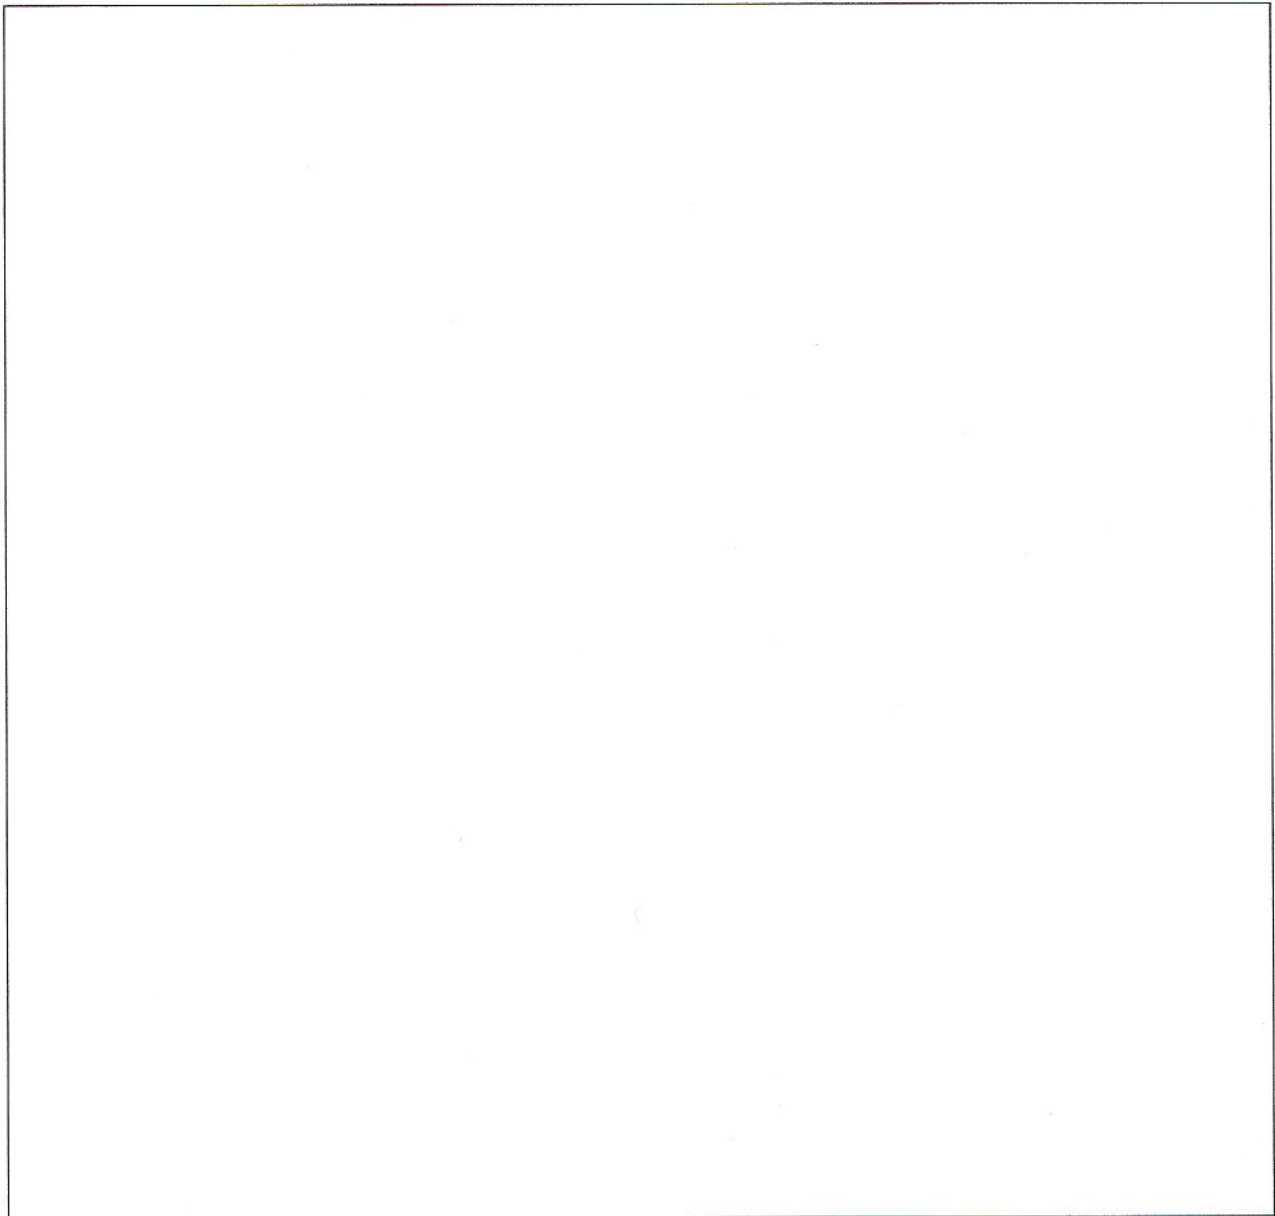

Think about your family over the past few years.

What is one thing that has changed?

---

---

Draw a picture to show that change.

Think about how life will change when you are older.

1. Draw a chore you will do when you are older.

2. Draw something new you will do when you are older.
