

Stuart's Lesson Plans for the weeks April 06 ~ April 08 and April 15 ~ 17

Kitchen Skills (Foods 1)

Week 1 and 2

This week we are going to make Hard Cooked Eggs (boiled) and Dye them
I would then like you to use the eggs to make a dish that you can eat, such as egg salad sandwich, or a salad with boiled eggs, or any other egg dish you may know or find. Please make sure I get a picture of them both.

Have fun making these recipes.

As I am having you make 2 things here, that counts for the work for the 2 weeks.

Be safe and make wise decisions.

Mrs. Stuart

Consumer Science (Foods 2)

This week I would like you to use some of the skills we have learned, this year, making chocolates, and make delicious eats for your family over this time. Please send me pictures of your creations.

Remember, I sent you the recipe for salmon we were going to make. If any of you would like to make this for the last Friday of lent, as long as I get pictures, you will get extra credit. This is my favorite salmon dish, besides eggs benedict with smoked salmon.

For the second week, please write out an evaluation of how you felt you did in the lab. That can be emailed to me.

Should you have any problems please feel free to contact me.

Be safe and make wise decisions.

Consumer Skills 8th Grade

Thank you so much to those of you who sent me your laundry homework. To those of you who still need to send it, please do so once you have managed to complete the task.

The first week, I am going to ask you to make a batch of Rice Krispie treats, and have you shape them, once cooled, into eggs. You can decorate them using melted chocolate, or you can use icing. Have fun and be creative.

Please send me a picture of your eggs, so I can give you the points for the assignment done.

The 2nd Week, I would like you to read the paper on Ironing Tactics and answer the questions that follow.

I am attaching links to the reading and the worksheet. Please make sure to send me the completed worksheet.
