

Riverview School District

Student Life Minutes

January 12, 2015

In the board packet, each member received a sports update, a musical calendar, clubs update, and a district calendar for the remainder of the year.

During the sports update, there was a discussion about the increased crowds at the basketball games. Ms. Vitti complimented Mr. Farrell.

We tabled the discussion for softball in lieu of Mrs. Ashbaugh not being present. Ms. Nix reported that there are currently 13 7th and 8th grade girls interested in playing softball and there may be more depending on the Volleyball schedule. Mr. Tillman asked if there were enough schools to have a schedule. Ms. Nix reported that there were enough junior high teams to make that happen.

Mr. Tillman reported that the vocal practices have gone well. Mr. DiPietro expressed some concern about the length and boredom of the weekend schedule. Dr. DiNinno complemented Mr. Hart on his efforts at the concerts. Mr. Tillman also reported that the musical staff has done an excellent job with mentoring students as assistants to the adults in the musical roles. This is a great opportunity for our students to learn and grow with the musical process.

Ms. Nix expressed how happy she was that the school raised \$1000.00 for The Salvation Army through the Key Club. Mr. DiPietro asked Ms. Nix to clarify that we were not raising money for the Key Club. All funds went to the Salvation Army. Dr. McClure asked that Ms. Nix be more specific with the band numbers.
