 4. **Riverview Strategic Plan Survey** – Last year, we sent out the [Riverview 2025-2028 Strategic Plan Stakeholder Survey](#). Thank you to those who have provided their feedback. If you have not yet participated, we encourage you to do so. Your input is vital in shaping our goals and future planning. The survey takes 30-45 minutes to complete. Our next step is to engage parents, staff, community members, and board members in focus groups to gather additional insight. Your input and feedback are greatly appreciated!
 5. **Master Planning** – The administration and board of education are currently engaged in a comprehensive master planning process. This involves evaluating our schools, resources, finances, programs, and capacities to maximize resources and make strategic decisions for the next 10 years and beyond. There will be a series of master planning presentations at upcoming board meetings. The initial presentation occurred on September 16th and is available on our [District website](#). Additional presentations are scheduled for the October 7th and November 11th study sessions, and we will make them available on the website as well.

Thank you for your continued support of the Riverview School District. We hope to see you this week at one of our many Homecoming events, dressed in Riverview gear and ready to cheer on our Raiders!

Sincerely,

The Riverview Administration
