

Mrs. Swogger April 27th– May 1st

BIOLOGY I PLANS

I hope that you are all doing well and staying healthy! If you ever have any questions or concerns, please let me know and I will be happy to help in any way. I also wanted to give you a suggestion that I found to be a problem for some last week. **If I send you attachments, and there are more than two (which will be the case again this week), please make sure that you click on the down arrow near the other attachments, and you will find the additional attachments.**

Monday April 27th – Friday May 1st:

- Please complete the Chapter 15 Review Packet (this is the one that the book company generates).
- Please complete the Chapter 15 Study Guide (this is the one that I generate).
 - You received both of these packets in the folder that I provided to you before we left school. If you cannot find your packets, there will be images of the Chapter 15 Review packet (because I do not have those electronically), and a word document of the Chapter 15 study guide that I create, attached to this email.
- Please review these packets and prepare for a USA Testprep exam on Evolution that will be assigned NEXT week.

DUE DATES AND SUBMISSION OF WORK:

- In one email, please send me images of your completed packets on **Friday, May 1st**. The subject line of the email should read, "**Chapter 15 Packets**".

Take Care of yourself and your family! I miss you all!!!!!!!!!!!!!!!!!!!!!!!!!!!!

AP BIOLOGY PLANS

I hope that you are all doing well and staying healthy! If you ever have any questions or concerns, please let me know and I will be happy to help in any way. I know that last week, I gave you a heads up on what I was thinking for this week, and after deliberating and looking over the material, I am going to push that one more week, so if you did work on your Chapter 23 outline, your work was not futile, I promise!

Monday April 27th – Friday May 1st:

1. Once again, I am going to have you continue to learn the rest of the content in the evolution unit by viewing the video tutorials by Allison Kittay and Gayle Fiser's that AP Central has posted on YouTube. Again, I think the FRQ practice is also invaluable to you. For that reason, I am going to ask that you complete two more this week. The first link I provided you is a 42:07-minute video on **7.5 Hardy Weinberg**. The second link is a 42:52-minute video on **7.6-7.8 Evolution and Common Ancestry**. Each video discusses the topics that we would be discussing in class, and so in place of listening to me talk, you will be listening to these two instructors giving the lesson. Again, at the end of each lesson, the instructor asks you to complete for homework a FRQ. She will answer the first FRQ at the beginning of the second lesson, but I am going to ask that you attempt to complete it on your own.

So, what you will do is watch the first video and write down the answer to the FRQ that she asks at the very end of the video on a sheet of notebook paper. Then watch the second video, and evaluate (but do not change) your response to the first FRQ. At the end of the second video, you will be asked to complete another question. Please complete that FRQ at the end of the second video on the same sheet of paper, and submit your two responses to me in a single email on Friday.

7.5 Hardy-Weinberg:

https://www.youtube.com/watch?v=E_0yhM6_5Rc&list=PLoGgviqq4847VchRdUdvbDPzsp9ResrjD&index=5

7.6-7.8 Evolution and Common Ancestry:

2. Folks, I am going to generate your Evolution exam on a program called USA TestPrep. With that said I need you to join my class. The test will not yet be assigned to you, but I ask that you all set up an account and **join my class this week**. This is how to join:

Directions for setting up an account for USATestprep online assessments:

Go to: <https://www.usatestprep.com/member-login>

- Create Account
- Account ID = Riverview18
- Student Activation Code = stu4216
- Hit "Check Activation Code"
- Login information
 - o Make your Username and Password the same – your student ID

- o Enter personal information
- o Hit "Create Account"
- Login now
- Enter Account ID (riverview 18), Username & Password
- Hit "Log In As Member"
- Find "Join a Class"
- Choose Teacher – Mrs. Swogger
- Choose Class – "AP Biology"
- Hit "Join Class"

Your assessment will be in the "Assignments" tab when I post the assessment (which I HAVE NOT yet)– hit the blue begin box to start the assessment once it is given.

Thank You!

DUE DATES AND SUBMISSION OF WORK:

On **Friday, May 1st**, please send me an email with a picture of your responses to the two FRQ's (one at the end of each video).

- The **subject line** of your email should read, "**FRQ 5 and 6**".

By **Friday, May 1st**, please have set up an account with USA Testprep, and be a part of our AP class.

I miss you all. Stay healthy and peaceful, and continue to love Biology!
Sincerely...Mrs. Swogger ☺
