BIOLOGY I PLANS

I hope that you are all doing well and staying healthy! If you ever have any questions or concerns, please let me know and I will be happy to help in any way.

Monday May 4th – Friday May 8th:

1. Please complete the “**Chapter 15 – Evolution**” Exam on USA Testprep.
 - I did put a minimum score requirement on it of 65%, which gives you the ability to actually retake the exam if you so choose. As you know, after completing the exam, it will grade it for you, and tell you your score. It will NOT tell you which questions you missed, just your overall score. So if you choose to retake it (and you can retake it as many times as you like), you will need to redo the entire exam.
 - Please remember, that if you are taking the exam, and do not finish it in one sitting, you **MUST** scroll to the bottom on the exam and **click save**. When you return to the exam, you can pick up where you left off. If you do not save your assessment before exiting, ALL YOUR WORK WILL BE LOST!
2. Please **read Chapter 2 in the textbook** (pages 32 – 49). Please also **read through my Chapter 2 PowerPoint** that you downloaded. Once you are familiar with the chapter, please answer the following **Chapter 2 Assessment questions on pages 53-55 in the textbook**:
 - In Section 2.1:
 - 1 – 8 (8 questions)
 - In Section 2.2:
 - 18 – 22 (5 questions)
 - In Section 2.3:
 - 27 – 33 (7 questions)
 - There are 20 questions in all that you need to complete. Please number them according to their actual number on a sheet of notebook paper. For example, (1,2,3,4,5,6,7,8,18,19,20,21,22,27,28,29,30,31,32,33). In addition, if the question is a multiple choice question, you only need to answer a, b, c, or, d.
 - In case you need the Chapter 2 PowerPoint, I will attach it to this email.

DUE DATES AND SUBMISSION OF WORK:

- Please email me your answers to the Chapter 2 Assessment questions by FRIDAY, May 8th. The subject line of the email should read, “**Chapter 2 Assessment Questions**”.

- Please complete the Chapter 15 Evolution exam on USA Testprep by Friday, May 8th.

Take Care of yourself and your family! I miss you all!!!!!!!!!!!!!!!!!!!!!!

AP BIOLOGY PLANS

I hope that you are all doing well and staying healthy! If you ever have any questions or concerns, please let me know and I will be happy to help in any way. I also wanted to let you know, that from my survey, the consensus HIGHLY favored that you want me to upload your work to TEAMS. So, although I am sending this to you via email, I am going to upload all these assignments to TEAMS, **and I ask that you are consistent on submitting your work to me through the TEAMS program.**

Monday May 4th – Friday May 8th:

- You will need to complete the **“AP Biology – Evolution” exam on USA Testprep**. It will become visible to you on Monday, May 4th.
 - I did put a minimum score requirement on it of 65%, which gives you the ability to actually retake the exam if you so choose. After completing the exam, it will grade it for you, and tell you your score. It will NOT tell you which questions you missed, just your overall score. So if you choose to retake it (and you can retake it as many times as you like), you will need to redo the entire exam.
 - It is VERY IMPORTANT that if you are taking the exam, and do not finish it in one sitting, you **MUST** scroll to the bottom on the exam and **click save**. When you return to the exam, you can pick up where you left off. If you do not save your assessment before exiting, ALL YOUR WORK WILL BE LOST!
- You also need to complete and submit your **Chapter 23 outline or essential reading questions**. Many of you may already have this complete. If you sent it to me early by mistake, could you please resubmit it to me through TEAMS.

DUE DATE AND SUBMISSION OF WORK:

- Please complete the AP Evolution exam on USA Testprep by Friday, May 8th.
- Please upload images of your Chapter 23 Outline or essential reading questions into TEAMS by Friday, May 8th.

I miss you all. Stay healthy and peaceful, and continue to love Biology!
Sincerely...Mrs. Swogger ☺
