

Fourth Grade Distance Learning Instructional Plans for the Week of May 11, 2020

READING:

This week, students will be reading 4 selections from *Newsela*, an online news site with current event articles written specifically for children. Students will need to access the website [Newsela.com](https://newsela.com) and set up an account by joining their class with the appropriate class code. Your teacher will email you the class code.

Once you join your class, the assignments will appear automatically. You will need to read the articles and take the quizzes. Your scores will be submitted to your teacher electronically, so there is nothing to submit this week for Reading.

- ❖ All Reading Assignments are worth 5 points.

-
- Please continue reading your self-selected book(s). Read for 30 minutes every day. Take AR tests as you finish to prove that you have been reading. [Students need to earn 10 AR points by the end of the school year.](#)

<https://global-zone08.renaissance-go.com/welcomeportal/24187>

MATH:

- Complete [5 Zearn Math lessons](#). Your teacher will clarify which lessons you are to complete, although lessons should appear automatically.
 - ❖ You will receive 10 completion points for each Zearn lesson completed.
 - ❖ [iReady is optional and not required this week.](#)

SOCIAL STUDIES

- Watch the video and read the book found by clicking on the following link:

<https://sdm-tfx.digital.scholastic.com/p/node-34641/10011320?authCtx=U.646723880>

To access the book, you will need to use:

user name: **trueflix48**

password: **green**

- When you finish, take the **AR test**. You **can and should** look back in the book as you answer the AR test questions. To easily do this, have two internet browser windows open – one on the book and the other on the AR test. Read the AR question, switch to the book to look for the answer, and then go back to the window open to your AR test to answer the question.
 - AR information:
The Southeast by Dana Meachen Rau
Test # 149330
RL 5.4, 0.5 points

❖ This assignment is worth 10 points.

SCIENCE:

- We're going on a field trip...to space!
- Check out the International Space Station by watching the videos on the following link:
https://www.nasa.gov/mission_pages/station/main/suni_iss_tour.html
- Watch the video about slime in the International Space Station
<https://www.youtube.com/watch?v=aLWFcwzFetA&feature=youtu.be>
- Be prepared to talk about something you learned or your favorite thing during your class's Zoom call. Your teacher will let you know when that will be.
- **The following activities and sites are OPTIONAL.**
 - Make Oobleck! **(If you do this, share it during your Zoom call for a bonus point!)**
<https://www.youtube.com/watch?v=Fnd-2jetT1w&feature=youtu.be>
 - Visit the U.S. Space and Rocket Center in Huntsville, AL.
<https://www.youtube.com/watch?v=9Qe5RgyMNhc>
 - Check out Mars with a virtual tour using data collected from the Mars Curiosity Rover launched in 2011. <https://accessmars.withgoogle.com/>
