Numbered Times Kindergarten

May 4, 2020

Would You Rather?

Would you rather have 3 tens 2 ones or 2 tens and 3 ones? What numbers do they make? Which is more?

Subitize

Look quick...say what you see! This one is tricky!

Shape Spotters

Listen to this book and as it is read to you try to guess the shapes the book is describing. Those describing words in math are called **ATTRIBUTES**.

Attribute Games

On the site listed below, there are 6 games that you can choose from (play at least 2) to test your spy eyes.

Our City

Look at these sites about Pittsburgh. You will need an adult to help navigate. Maybe you could even take a car ride to see some of these things out of your window! Talk about what shapes you see!

Reflect

Have you seen or been to anywhere you like in the city? What **ATTRIBUTES** are the reasons you like it?

Draw or **write** in your notebook.
